I. Safe Routes to School

Mr. Edwards stated that a site visit was conducted by some members of the Public Works Committee, the Mayor, Town Staff and Town Engineer to review the location of the proposed sidewalks. The Town Engineer will review the plans to see what can be done to move the sidewalk closer to the road, if the project can be moved closer to the road, then we will move it, otherwise it will have to stay in the location already approved by VDOT. Mr. Edwards also stated that Town Council needs to award the contract so we can move forward with the project.

II. King William County Resolution 13-55

Mr. Edwards advised that he attended the King William Board of Supervisors meeting last night, the Board of Supervisors adopted Resolution 13-55 regarding the appropriation of the King William County Budget. Mr. Edwards suggested sending a letter to the County Administrator in response to the resolution.
